New Jersey Institute of  
Technology  
Civil Engineering Department  
Newark, New Jersey

**Mr. Ling** has honed his skills as a structural engineer for over 40 years for public and private sector clients both in the United States and abroad. His responsibilities include managing all internal aspects of the business, including the firm's computer-aided drafting system.

Mr. Ling specializes in mid- to high-rise structures and has to his credit the design of nearly a half dozen high-rise facilities and many low-rise structures. His earthquake and computer experience provides valuable input on all projects.
